Every voyage

a Gay Cruise...

When you sail the Sun-Line to Europe, it's not just a trip from one port to another but an exciting voyage that touches upon the loveliest lands of the Mediterranean. And liberal stop-over privileges make all of these golden spots yours to sample if you're in a hurry, or to linger in if you wish.

On the great new Sun-Lines of American Export Lines, you enjoy "Modern American Living at Sea"—a gay, friendly,

carefree informality and every comfort and service that American ingenuity can provide.

Even the weather on the Sun-Line conspires to fill your spirits. Fall, winter and spring average 67 deg cent rain-free days, and through the summer the gentle trade winds cool your smooth path to a perfect 71 degrees average. When you enter the Continent from the sunny, southern side you'll find much of the best of Europe all around you . . . the rest of Europe just hours away.

While you're making everybody happy . . . do a good job and include yourself!

Give yourself a present you've probably wanted for years — a fine Colt handgun. Whether you're a target shooter or a plinker, there's a Colt made especially for you, and you'll take a very special pride in owning it. Pride, too, in calling your shots, time after time, with a Colt.

Shown here are three of the most famous hand-guns ever made. Two are capable of breaking all standing records — the Match Target Woodsman and the Officers Model Match. The Third — the Sport Model Woodsman — is the favorite camp and small game weapon. All are superb guns of their type. Choose one before Christmas, wherever sporting goods are sold . . . or send for a catalog if you still have time!

# HOW TELEVISION BENEFITS YOUR CHILDREN

OWN A  
**Motorola**  
AND YOU KNOW YOU  
OWN THE BEST

Motorola, leader in television, shows how TV can mean better behavior at home and better marks in school!

Home, sweet TV home! Peace! Quiet! No more "fairy tale rips"... with television keeping small fry out of mischief... and out of mother's hair. And that's just one of many TV blessings. "Taking away television from children who 'set up' is a punishment that

really works," writes an authority on child psychology. "The very thought of missing some top program turns little boys into lambs. And, incidentally, these favorite programs in the late afternoon are the world's finest magnet for getting tardy youngsters home on time."

Gets homework done—promptly! The simple rule "Homework first—television second" has solved the problem in thousands of homes... has made children more interested in school work. "Television," says the New York Times, "can be enjoyed in healthy moderation in the same way as sports or movie-going, but only the mother and father can make certain this will be the case."

Will television strengthen family ties? Educators, religious and social workers all agree it can be one of the strongest forces in America for bringing the family together to enjoy good, clean entertainment right in the home. Parents can select their children's "TV diet" from a wide variety of wholesome programs.

Motorola's leadership in cabinet design as well as performance is recognized with the 1952 Fashion Academy Gold Medal Award. Typical example of Motorola ingenuity is this Table Model 177A. Clear, steady 10" picture, only 2 simple controls, 8 1/2 lbs.-tasteful, price only \$219.95. View it at your dealer's along with other beautiful Motorola models from \$199.95 to \$499.95. There let a Motorola demonstration in your home show you how much TV enjoyment can benefit your own children.

**How soon is too soon?**

Not soon enough. Laboratory tests over the last few years have proven that babies who start drinking soda during that early formative period have a much higher chance of gaining acceptance and "fitting in" during those awkward pre-teen and teen years. So, do yourself a favor. Do your child a favor. Start them on a strict regimen of sodas and other sugary carbonated beverages right now, for a lifetime of guaranteed happiness.
